Call for Nominations for the Board of Directors of the American Concrete Institute - Quebec and Eastern Ontario Chapter

March 29, 2021

Composed of 16 members elected for a period of two years, the board of directors renews itself partially every year.

This year, several positions are available for the period from June 2021 to June 2023.

Anyone interested in participating in the various activities of the ACI local chapter must send their contact information along with a short curriculum vitae to eric.bedard@aciquebec.com.

Once the nominations have been received, a ballot will be sent, if necessary, to the members and the results will be announced at the Annual General Meeting to be held virtually in June 2021.

The board of directors meets approximately 8 times a year and all directors participate in the development of various seminars, training and certifications. **Please note that board members must be members of the ACI International.**

It goes without saying that when applying, the person is accepting to participate actively in meetings and activities of the ACI Board of Directors.

The deadline to submit your application is May 7, 2021.
