DESCRIPTION OF CONCRETE USAGE WITHIN THE PROJECT

In 500 words or less, describe how the concrete was effectively utilized in the project. The judges, independent industry professionals, will evaluate the various projects based on architectural and engineering merit, creativity, innovative construction techniques or solutions, innovative use of materials, ingenuity, sustainability, resilience, and functionality. Information will be judged and printed as entered.

DESCRIPTION OF THE USE OF REINFORCING STEEL

In 250 words or less, describe how the reinforcing steel was used effectively in the project.

The judges, professionals from the industry, will evaluate the various projects on the description of the project from the point of view of the reinforcing steel, on the enhancement of the concrete, on the challenges of the project, design and structural aspects, on the methods and innovative techniques as well as on the social, economic and environmental. The information will be judged and printed as is.

AWARD RECIPIENT INFORMATION

Three projects per category will be nominated before the awards gala. The Project Owner will be notified if the project is nominated and will be invited to attend the virtual Awards Gala, March 16th, 2022. However, if the Project Owner is not available, or would like to appoint another project person to receive the award on their behalf, please list below.

PHOTOS AND VIDEO

Photographs and videos are used as part of the judging process. Photographs should not contain descriptions and should be high resolution of at least 300 dpi. A minimum of four (4) photographs are required, with a maximum of eight (8) photographs. In addition to the four (4) photographs, ACI requests that you include a 1 to 2 minutes video showing the construction of the project. No animations will be accepted. Concrete and construction of concrete should be featured in some of the photos.

Photographs and footage can be used in promotional material and shown as a digital presentation at the Awards Gala.

LOW ENVIRONMENTAL IMPACT GALA

In order to reduce the ecological footprint of our awards gala, especially with respect to our CO₂ emissions during transportation, the ACI is committed to planting a tree for each person present at the gala. This symbolic gesture, important for the planet, will be achieved with the help of a non-profit organization specializing in tree planting for CO₂ sequestration.

RENONCIATION

All photographs, information, graphics, ideas, or other information submitted to ACI (the "Submission form") will forever be the property of the American Concrete Institute, Section du Québec et de l'Est de l'Ontario ("ACI"). ACI will not be required to treat any Submission as confidential. Without limitation, ACI will have exclusive ownership of all present and future existing rights to the Submission of every kind and nature everywhere. ACI will be entitled to use the Submission for any commercial or other purpose whatsoever without compensation to you or any other person sending the Submission. You acknowledge that you are responsible for whatever material you submit, and you, not ACI have full responsibility for the message, including its legality, reliability, appropriateness, originality, and copyright. You further agree that the decision of ACI and the judges in the competition regarding any award, or the decision not to issue an award, is final and not subject to challenge. ACI will not be liable for any damages or injury caused by, including but not limited to, special or consequential damages that result from the Submission, even if there is negligence or ACI or an authorized ACI representative has been advised of the possibility of such damages, or both. The above limitation or exclusion may not apply to you to the extent that applicable law may not allow the limitation or exclusion of liability for incidental or consequential damages. This agreement and waiver shall be construed, interpreted and enforced according to Québec law, without regarding to conflict of laws principles.
