PROJECT DESCRIPTION

Provide a detailed description of your project in 300 words or less. This information will be judged and used in ACI printed materials or publications. The information will be published as entered.

Prix d'Excellence

DE LA CONSTRUCTION EN BÉTON

March 12, 2026 | Mont Blanc Centre De Congrès & Réception à Laval

Québec & E. Ontario
American Concrete Institute

DESCRIPTION OF THE USE OF CONCRETE IN THE PROJECT

In 500 words or less, describe how concrete was effectively used in the project. The judges, independent industry professionals, will evaluate the various projects based on architectural and engineering merit, creativity, innovative construction techniques or solutions, innovative use of materials, ingenuity, sustainability, resilience, and functionality. The information will be judged and published as provided.

March 12, 2026 | Mont Blanc Centre De Congrès & Réception à Laval

Québec & E. Ontario
American Concrete Institute

DESCRIPTION OF THE USE OF REINFORCING STEEL (IAAQ MENTION)

Projects submitted in all categories that include specific aspects related to reinforcing steel will be eligible for an IAAQ Mention. In 250 words or less, describe how reinforcing steel was effectively used in the project. The judges, industry professionals, will evaluate the various projects based on the description of the project from a reinforcing steel perspective, project challenges, design and structural aspects, innovative methods and techniques employed, as well as social, economic, and environmental impacts. The information will be judged and published as provided

Québec & E. Ontario
American Concrete Institute

DESCRIPTION OF THE USE OF CONCRETE PIPES AND OTHER PRECAST CONCRETE ELEMENTS (TUBÉCON MENTION)

Projects submitted in all categories that include specific aspects related to concrete pipes and other precast concrete elements will be eligible for a Tubécon Mention. In 250 words or less, describe how concrete pipes and other precast concrete elements were effectively used in the project. The judges, industry professionals, will evaluate the various projects in the “Infrastructure” category from the perspective of underground sewer networks, culverts, or other applications, highlighting the use of concrete pipes, project challenges, design, innovative methods and techniques employed, as well as social, economic, and environmental impacts. Any other specific features of the project may also be highlighted. The information will be judged and published as provided.

Prix d'Excellence

DE LA CONSTRUCTION EN BÉTON

GENIUM360 AWARD FOR A YOUNG PROFESSIONAL

Bringing together more than 110,000 members from Quebec's engineering community, Genium360 is a unifying force where professionals and students combine their talents to drive innovation. This non-profit organization fosters a dynamic ecosystem to meet tomorrow's challenges and contribute to the growth of Quebec society.

You are invited, if applicable, to highlight an engineer under the age of 35 at the time of project completion who has distinguished themselves through their contribution. In 100 words or less, describe this person's qualities and explain how they contributed to the project's success. This individual must be a member in good standing of the Ordre des ingénieurs du Québec.

PHOTOS AND VIDEO

Photos and videos are used as part of the judging process. Photos must not contain descriptions and must be high resolution, at least 300 dpi. A minimum of four (4) photos is required, with a maximum of eight (8) photos. In addition to photos, ACI suggests including a time-lapse video of up to 90 seconds showing the project's construction. No animations will be accepted. Concrete and concrete construction should appear in some of the photos.

Photos and videos may be used in promotional materials and presented as a digital presentation during the awards gala.

Prix d'Excellence

DE LA CONSTRUCTION EN BÉTON

March 12, 2026 | Mont Blanc Centre De Congrès & Réception à Laval

THANK YOU FOR YOUR PARTICIPATION!

If your project wins an Award of Excellence in one of the eight categories, it will automatically be eligible for the ACI Excellence in Concrete Construction Awards. Your project team, as well as the owner and your partners, will be invited to attend the awards gala, which will take place during the convention from **October 11 to 14, 2026, in Atlanta, GA, United States**. The exact date of the gala will be communicated later.

The organizing committee of the Awards of Excellence will remain in contact with the person responsible for your project's submission and will guide them through the steps required to complete your application for the international component of ACI. Please note that your application file must be translated to comply with the regulations, and the translation of the application file remains the responsibility of the applicant.

WAIVER

All photos, information, graphics, ideas, or other materials submitted to ACI (the "Form") will remain forever the property of the American Concrete Institute, Quebec and Eastern Ontario Chapter ("ACI"). ACI will not be required to treat a Form as confidential. Without limitation, ACI will have the exclusive ownership of all current and future rights of every kind and nature in the Form. ACI will have the right to use the Form for commercial or other purposes, without compensation to you or to any other person submitting it. You acknowledge that you are responsible for any material you submit, and you, not ACI, assume full responsibility for the content, including its legality, reliability, appropriateness, originality, and copyright. Furthermore, you acknowledge that ACI's and the competition judges' decisions regarding any award, or the decision not to select a winner, are final and not subject to challenge by you. ACI will not be liable for any damages or harm caused, including, but not limited to, special or indirect damages resulting from the submission, even in the event of negligence or if ACI or any of its authorized representatives has been advised of the possibility of such damages, or both. The above limitation or exclusion may not apply to you to the extent that applicable law does not allow the limitation or exclusion of liability for incidental or consequential damages.

This agreement and waiver shall be interpreted and enforced in accordance with the laws of Quebec, without regard to conflict of law principles.

Yes, I accept these terms and conditions	☐
